## KITS & HOME BUILDER PARTS

For those of you who prefer to build your own locomotives but lack machining facilities, we offer the following range of chassis and parts as used on our own engines. By building it yourself, not only are you saving money, but you will have the satisfaction of producing your own working model, and being modular, **you can buy each kit separately and build at your own speed. You don't even have to buy a full set of kits, you may want just the chassis and fit your own boiler and body ,or a chassis and boiler then build your own body to suit, it's as flexible as you make it. Painting of all items is left to the builder.**

Code	Locomotive and Tender Kits	Pre. VAT	Inc. VAT
HBK1	;HBK 1 Billy, Katie & George Chassis Kit	325.00	390.00
HBK2	;HBK 2 Lady Anne Chassis Kit	363.33	436.00

POSTAGE & HANDLING (UK Mainland only):-

All locomotives, next working day ..... £18

Locomotive kits, tenders, track (1 or more items), next working day ..... £12

IOW, IOM & Northern Ireland - surcharge of £12 on the above prices.

See the Roundhouse website for overseas shipping rates.

All other items:-

Our postal service has become quite complicated and is now priced according to weight and size. This makes it difficult for us to estimate postage costs for many packages where multiple items are sent together. Postage is either £3.20 or £4.99 depending on the size and weight of the goods when packed. We will always charge the lesser amount where possible. Please enquire for overseas postage.

VAT at 20% where applicable.

If we sell goods or Locomotives to any country that is a member of the EU then VAT at 20% is applicable and this price is listed in the column headed 'inc VAT'. Any country that is not a member of the EU does not pay VAT and the price is listed under the column 'pre VAT'. Please be aware that when we ship outside the EU, local import duty / taxes may be charged directly to you by your government.

Payment by 'MasterCard', 'Visa' or 'debit card'. Cheques and postal orders should be made payable to ROUNDHOUSE ENGINEERING CO LTD and drawn on a British bank.

*TERMS OF BUSINESS. Roundhouse Engineering Company Ltd. reserves the right to alter any prices or specifications of models or materials without notice. Please check delivery times on all locomotives before placing an order. Delivery times quoted are approximate and are subject to change. No deposit required on locomotives, payment in full on completion. Full remittance with order on all other items unless otherwise advised. Errors and omissions excepted.*

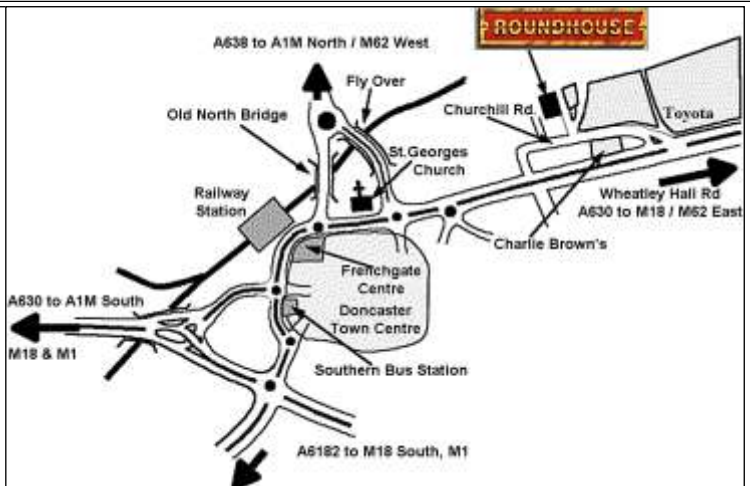

Our showroom is open at the following times:-

Mon - Thur  
08:30 - 17:00 hrs

Friday  
08:30 - 14:00 hrs

Closed Sat, Sun & bank holidays.

Please telephone in advance if you wish to visit.

***Please check all dates & details with us, or the organisers before attending.***

### New for 2017

This year we are adding a new steam locomotive to the range, 'Lilla' an 0-4-0 saddle tank loco.

To make a little room in the range, we are also discontinuing 'Karen' at the end of the year.

Orders will be accepted for this until 31st December 2017.

**'Lilla'**

'Lilla' was designed and built in 1891 by the Hunslet Engine Company for use on the Cilgwyn Slate Co Quarry at Nantile before moving on to the Penrhyn Quarry in 1928. After being restored by Bernard Latham in 1963 she was first displayed at the Winter Garden Railway in Hertfordshire in 1972, then at the Kew Bridge Steam Museum in 1987 and then on the Bala Lake Railway in 1991. She eventually found her way onto the reknowned Ffestinog railway in 1993 and is still in active use to this day.
