KITS & HOME BUILDER PARTS

For those of you who prefer to build your own locomotives but lack machining facilities, we offer the following range of chassis and parts as used on our own engines. By building it yourself, not only are you saving money, but you will have the satisfaction of producing your own working model, and being modular, you can buy each kit separately and build at your own speed. You don't even have to buy a full set of kits, you may want just the chassis and fit your own boiler and body, or a chassis and boiler then build your own body to suit, it's as flexible as you make it. Painting of all items is left to the builder.

Code	Locomotive and Tender Kits	Pre. VAT	Inc. VAT

POSTAGE & HANDLING (UK Mainland only):-

All locomotives, Next Working Day £18
 Locomotive kits, Tenders, Track (1 or more items), Next Working Day £12
 IOW, IOM & Northern Ireland - surcharge of £12 on the above prices.

All other items:-

Our Postal Service has become quite complicated and is now priced according to weight and size. This makes it difficult for us to estimate postage costs for many packages where multiple items are sent together. Postage is either £3.20 or £4.99 depending on the size and weight of the goods when packed. We will always charge the lesser amount where possible.

Overseas postage - please enquire.

VAT at 20% where applicable.

If we sell goods or Locomotives to any country that is a member of the EU then VAT at 20% is applicable and this price is listed in the column headed '**inc VAT**'. Any country that is not a member of the EU does not pay VAT and the price is listed under the column '**pre VAT**'. Please be aware that when we ship outside the EU, local import duty / taxes may be charged directly to you by your government.

Payment by 'MasterCard', 'Visa' or Debit Card. Cheques and Postal Orders should be made payable to **ROUNDHOUSE ENGINEERING CO LTD and drawn on a British Bank.**

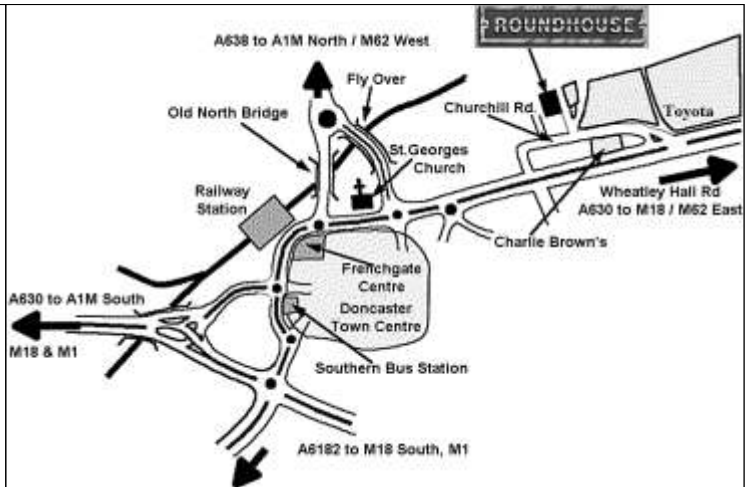

TERMS OF BUSINESS. *Roundhouse Engineering Company Ltd. reserves the right to alter any prices or specifications of models or materials without notice. Please check delivery times on all locomotives before placing an order. Delivery times quoted are approximate and are subject to change. No deposit required on locomotives, payment in full on completion. Full remittance with order on all other items unless otherwise advised. Errors and Omissions Excepted.*

Our showroom is open at the following times:-

Mon - Thur
08:30 - 17:00 hrs
Friday
08:30 - 14:00 hrs

Closed Sat, Sun & bank holidays.

Please telephone in advance if you wish to visit.

Latest news & updates.

Roundhouse staff and products will be at the following exhibitions

7th Apr 2018 - 16mm Association National Garden Railway Show. Peterborough Arena. PE2 6XE

20th May 2018 - ROUNDHOUSE Open Day. Factory Open 10am until 2pm. DN1 2TF

1st & 2nd Sept 2018 - Llanfair Garden Railway Show. Llanfair Caereinion. SY21 0HW

6th & 7th Sept 2018 - Yorkshire Garden Railway Show, Richard Dunn Sports Centre, Rooley Ave, Bradford, BD6 1EZ

Please check all dates & details with us, or the organisers before attending.

New for 2018

Clarence: R/C: £1700 (incl. VAT)

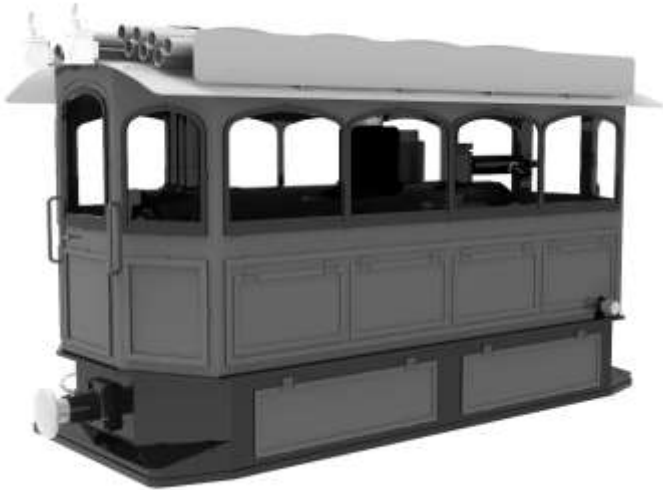

Manual Control: £1565 (incl. VAT)

Merseysider: R/C and with Sound: £875 (incl. VAT)

R/C and without Sound: £755 (incl. VAT)

For full specification visit our website at: www.roundhouse-eng.com

‘CLARENCE’

'Clarence' is a new Roundhouse freelance design loosely based on steam trams prevalent across Britain and Europe during the early 1900s. Some of its features draw direct inspiration specifically from examples used in Yorkshire during this period.

Technical specifications for 'Clarence'.

- Technical specifications may be subject to change up until the model release.
- **Internal gas firing using our 'FG' type burner.**
- 0-4-0 outside framed chassis with two double acting slide valve cylinders operated by simplified Walschaerts type valve gear.
- Fitted with exhaust enhancer as standard.
- Controls fitted as standard are :- steam regulator, safety valve, pressure gauge, displacement lubricator, gas regulator and reversing gear.
- Dimensions (loading gauge) are :- length 305mm over buffers, width 130mm, height 176mm, weight 3.95 Kg (with r/c).
- Available with either 2.4 GHz Radio control or manual control.
- The wheels are adjustable between 32mm and 45mm gauge.
- Also available with insulated wheels.
- Comes with two cast loco lamps to be fitted at the customers discretion.
- Removable roof.
- Available in any Standard Roundhouse Colour.

Merseysider

'Merseysider' is a 0-4-0 diesel electric locomotive built in 1964 by Ruston & Hornsby for the the Park Gate steelworks in Rotherham. It was acquired by the Talylyn Railway in 1969 and used up until 2016. It operated under loco number No.8 during it's time on the Talylyn Railway.

Technical specifications for 'Merseysider'.

Technical specifications may be subject to change up until the model release.

- Length over buffers: 229.50mm
- Width: 91.50mm
- Height from railhead: 132.50mm
- Sealed 6 NiMh AA cells (7.2 volts)
- Available with optional sound system featuring engine sound and horn at extra cost.
- Working headlights
- 2.4GHz radio control as standard
- Smart charger
- Worm gear drive
- Chain drive to rear axle
- Regaugable between 32mm and 45mm
- 4 Axle bearings
- Removable roof
- On/off switch situated in cab
- Onboard charging port
- Glazed cab windows
- Comes with both prototypical buffers and Roundhouse centre buffers to be fitted at customer discretion.
- Available in any Standard Roundhouse Colour

Unit 6-10, Churchill Business Park, Churchill Road,, Wheatley. Doncaster. DN1 2TF. ENGLAND

ROUNDHOUSE

'Jennie'

**NEW FOR
2018**

Jennie is the fourth locomotive in our 'Basic Series'. Offered in a ready to run form as illustrated above, this simple, slip-eccentric, internally gas fired model can be easily enhanced by the customer, using our accessory packs and loco enhancements. Conversion to radio control is also a simple undertaking with the majority of the equipment safely stored in the tender.

Technical specifications for 'Jennie'.

- * 0-4-2 inside framed chassis with double acting slide valve cylinders operated by slip eccentric valve gear.
- * **Internal gas firing using our 'FG' type burner.**
- * Controls fitted as standard are: - steam regulator, safety valve, displacement lubricator and gas regulator.
- * Overall dimensions of loco are: - length 270mm, width 107mm, height 155mm, weight 2.4kg.
- * Overall dimensions of tender are: - length 150mm, width 107mm, height 105mm, weight 0.8kg.
- * 32mm or 45mm gauge (non adjustable). Please state gauge when ordering.
- * Accessory packs available are: - pressure gauge, water top up system, polished safety valve bonnet and radio control fitting kit.
- * Available in any standard ROUNDHOUSE colour.

Please note that insulated wheels are NOT available on this locomotive
